1	This is an outstanding program. I have two girls in middle school and I believe we need to continue with education (especially at this age) to help support them in making the right choices. I have observed a change from 6th grade (innocent and wanting to do the right thing) to 8th grade (edibles, drinking now more common and peer influence much greater). This is an incredibly important topic that can influence their paths.	4/5/2018 10:46 AM
